

Diode Laser Hair Removal ROI Calculator

Generate Revenue From Day One

A professional diode laser system can quickly become one of the highest-profit services in your clinic. With low consumable costs and strong client demand, many clinics recover their investment within the first year.

Service	Average Price Per Treatment
Underarms	\$75
Brazilian	\$125
Full Legs	\$250
Full Back	\$250
Bikini	\$100

Conservative Monthly Revenue Example

Treatments Per Month	Average Treatment Value	Monthly Revenue
20	\$150	\$3,000
40	\$150	\$6,000
80	\$150	\$12,000
160	\$150	\$24,000

Equipment Payback Example

Diode Laser Investment: \$18,000

Monthly Revenue	Estimated Payback Period
\$3,000	6 Months
\$6,000	3 Months
\$12,000	1.5 Months
\$24,000	Less Than 1 Month

Typical Client Value

Most laser hair removal clients require 6–8 treatments for optimal results.

Brazilian Package: $\$125 \times 6 = \750

Full Legs Package: $\$250 \times 6 = \$1,500$

Underarms Package: $\$75 \times 6 = \450

One new client can represent \$450–\$1,500+ in revenue over their treatment plan.
